

# Introducing Read&Write...

**Helping students reach their full potential**

---

## What is Read&Write?

Read&Write is a literacy support toolbar, proven to improve students' reading and writing. With features to support a diverse range of learners in class, at home, during revision and in exams. Working seamlessly with virtually any kind of educational content – such as websites, Microsoft Word files, PDFs and Google Docs – Read&Write helps to ensure that every student can access content where and when they need it. Helping to build their confidence, understanding and engagement in learning.

---

Helping you to support your child's education

Improves reading and writing for all students

Assists students during exam time

# Did you know that it can be used at home?

---

Read&Write is necessary for some students but it's also beneficial to all because every student learns in different ways. Read&Write offers one solution with multiple features that can help you to support your child's education, regardless of age, ability, or learning challenges.

---

Whether they need support with word recognition, pronunciation and spelling, or helping them study smarter when revising or completing homework, Read&Write can help.

## Text-to-speech

Having text read aloud helps with proofreading and allows students to notice the pacing of words, sentences and paragraphs.

## Word prediction

Predictive text boosts writing efficiency and helps build student confidence.

## Audio maker

Convert class content into audio files to listen and learn on the go.

## Highlighters

Highlight key pieces of text, build vocabulary lists and organise content by collecting highlights.

Read&Write is now available for your child to use in class and at home.
