

Deploying Texthelp Software

The following is a step-by-step guide to help you install the software correctly and get started quickly.

Getting started with Read&Write and Equatio

To get started with Read&Write and Equatio:

1. Visit: my.texthelp.com/install/
2. Select: I don't have a product code
3. Check Read&Write and Equatio
4. Select platform and Continue
5. Unlimited Licence
6. Select Authentication and Finish
7. Here you will find how to download the products

IT Departments:

Refer to Deployment, step 3, for deploying extensions across your district.

Getting started with uPar

For Administrator Access:

1. Visit: universalpar.com
2. Districts with **separate email domains for educators and students**, please notify your Arkansas Success Manager to update your licence.
3. Districts with **only one email domain** will need to [upload educators](#) to the Manage Educator dashboard.
4. uPar Manage Educators Video Resource

Student Access:

1. startpar.com
2. Students with a Google or Microsoft email can use Single Sign On.

Technical notes:

All appropriate URLs have been permitted and whitelisted at the state level. District domains have been applied to all licences, so staff and students can use Single Sign On to log into the products.

Experiencing any problems?

If you encounter any difficulties during the installation process or have not received the license details email, **please email Kyle Krause, your dedicated Customer Success Executive, at kkrause@texthelp.com**, so we can help you get back on track.
